DELLTechnologies

Benefit #1 – Versatile, quality audiovisual experience

Delight in the details

Dell ComfortView

This software solution helps reduce harmful blue light emissions to keep your eyes comfortable over extended viewing times, like your next movie marathon.

Spacious display

Whether you're typing notes or binging the latest episodes, you can enjoy more screen space with a 16:10 aspect ratio, providing a taller screen.

Dolby sound

Experience realistic audio the way the artist intended with Dolby Atmos.

Bluetooth speaker

Enjoy streaming music or podcasts from your phone on your PC using a Bluetooth connection.

DELLTechnologies

Benefit #2 – On the go performance

Built to perform

Wherever your day takes you, the latest Intel® Core™ processors and up to DDR5 memory brings power to your activities, while the slim design makes it easy to take your laptop along. When you do need to recharge, ExpressCharge will quickly charge your battery up to 80% power in just 60 minutes, keeping your day moving.*

ExpressCharge must be enabled within Dell Power Manager software. System must be powered off or in hibernation mode for ExpressCharge feature to function. After charging has reached the stated capacity, charging speed will return to normal speed. Recommended for use with the provided Dell power adapter; not recommended with a smaller capacity power adapter. Charging times may vary.

Benefit #4 – Business ready

Designed for productivity

Your Inspiron PC is now ready for business with military-grade testing for added reliability and an easy-to-use, built-in Trusted Platform Module to protect your data. Connect all your personal and business devices with a range of options.

D&LL Technologies

Benefit #5 – Sustainable features

Sustainability inspired

Your Inspiron laptop is built with a variety of sustainable materials, including post-consumer recycled plastics (PCR)* and post-consumer recycled aluminum**, with an etched logo design to reduce manufacturing waste***. Thoughtful material and design considerations help reduce waste and lower environmental impact.

The Inspiron 14 2-in-1 ships in packaging made with 100% recycled or renewable content and is 100% recyclable.****

This laptop is ENERGY STAR® 8.0 certified. It is registered EPEAT Silver and has achieved the EPEAT Climate+ designation. With EPEAT Climate+ designation this laptop has met industry best practices for decarbonization.*****

*Based on internal analysis, December 2023. Percentage is based on system plastic weight and may vary by model. Made with at least 25% post-consumer recycled plastic.
**Based on internal analysis, November 2023. Percentages are based on component material weight 50% recycled aluminum in the laptop lid and thermal plate.
***Based on internal analysis, November 2023
****Contains 92.7% recycled content and 7.3% renewable content in the form of sustainably forested materials. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.
*****Based on internal analysis, October 2023. Based on EPEAT Climate+ Designations in all applicable countries. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status and tier levels by country.

Benefit #6 – Features to simplify your life

Make everyday easier

Windows 11 comes with a modern design and multitasking tools to help you get it done faster, easier, and with style.
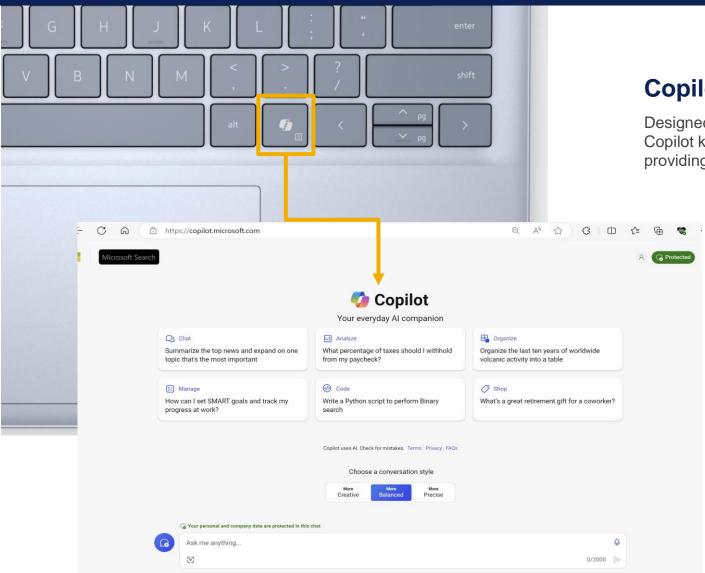

Your own personal AI assistant built right in to do the heavy-lifting so you can do the extraordinary. With Copilot in Windows get real answers, inspiration, and solutions for your questions, projects, and to-do-list.*

Stay connected and do more with Microsoft Teams and Windows Studio Effects. Now you can eliminate distracting sights and sounds and elevate your video calls experience.**

*Timing of feature delivery varies by device. Feature availability varies by market. Requires Microsoft account sign in.
**Windows Studio Effects (background blur, eye contact, voice focus, and automatic framing) are hardware dependent and require a qualified Neural Processing Unit (NPU).*

DELLTechnologies

Copilot Key

Designed to make it even easier to get things done with Copilot, the Copilot key on your Inspiron 16 2-in-1 launches the Copilot menu, providing faster access to the suite of Microsoft's AI tools.*

Copilot is not available in China and EMEA. In those regions, pressing the Copilot key will bring up the Windows search menu instead.
